

Dear Valued Customer,

Regarding to **Proposition 65**, Continental Datalabel certifies that the information supplied in this document is based on the knowledge of label stock processing and raw materials as well as statements from component suppliers. Continental Datalabel does not intentionally add or use components that contain the following constituents in our products. Nor, has reason to suspect that these substances are in the U.S. made label stock products at levels above the allowable concentration and will not exceed 0.1% by weight.

As for **REACH Annex XVII**, Continental Datalabel certifies that its Products do not intentionally contain “Substances of Very High Concern” (SVHC), including the “REACH SVHC list” for authorization specified under EU REACH Regulation. Continental Datalabel believes that its Products are manufactured in compliance with the requirements for Registration, Evaluation, and Authorization of Chemicals (REACH). Further, Regulation compliance has been forwarded to our Company’s critical suppliers to ensure this new regulatory condition does not pose a threat to business continuity and are kept on file.

Regarding **RoHS 3 (EU Directive 2015/863)**, Continental Datalabel certifies that its Products do not intentionally contain any of the restricted substance as stated on the RoHS guide. Continental Datalabel believes that its Products are manufactured in compliance with the requirements that are on the REACH list of Substance of Very High Concern.

The information provided in this document has been revised and is up to date. Based on Continental Datalabel’s general knowledge, data from its raw material suppliers, its own good manufacturing practices, and the periodic chemical analysis of its products, Continental Datalabel complies with the Regulatory Requirements. It is understood and acknowledged that the Products may contain recycled contents. However, Continental Datalabel has not performed laboratory analysis to determine the presence or absence of regulated substances in its Products.
